On the date and place noted, a vehicle registered in your name was inspected pursuant to the provisions of the Motor Vehicle Act and Regulations. In order to ensure the safe performance of the vehicle, the components marked in the "F" column must be corrected immediately.

If your vehicle met the appropriate inspection standards, a Certificate of Approval (Decal) was issued and affixed to the windshield. Retain this Inspection Report in the vehicle as you may be required to present it to an Insurance Agent as proof of a passed inspection when renewing the vehicle licence. In the event the vehicle is checked at the roadside during the next twelve months, a Peace/Police Officer may request the operator of the vehicle to present this Inspection Report.

If a Notice and Order has been issued against the vehicle, a copy of a passed Inspection Report must be submitted to the Commercial Vehicle Safety and Enforcement Branch within 30 days of the date of the Notice and Order if the vehicle is operated on the highway. A copy of the passed Inspection Report will be forwarded to the Inspection Facility which performed the inspection and will be recorded against the vehicle record. It is the obligation of the registered owner to advise a subsequent registered owner of any outstanding vehicle inspection requirements.
