

**2003 – 2004 Highway Maintenance Contracts  
Frequently Asked Questions**

**Last Update March 22, 2004**

**Service Area 01 - South Island**

- Q1. There are approx 5000 stimpsonites missing. Are they going to be replaced before contract changes?
- A. **Yes, in accordance with the requirements of the contract.**
- Q2. The RFI provided seems to be out of date. Several roads listed as gravel roads are now paved and several gravel roads are missing from the RFI. Is there a more up to date version of the RFI available?
- A. **Without specifics it is difficult to answer this question. Ministry projects and maintenance continually upgrade the inventory, including paving gravel roads. Several gravel roads have been removed from the inventory due to the incorporation of Sooke. There are also numerous strata roads in this Service Area.**
- Q3. Crash attenuators are not listed in the RFI. Are they covered by the Maintenance Contract?
- A. **Please see Q1. posted March 19, 2004.**
