## Use this application package (PT5027) to apply for:

### ✓ Transfer of a General Authorization (GA) Licence (Form PT5027)

Please Note: If a licence holder (transferor) also holds a Special Authorization (SA) on their Passenger Transportation licence, a transfer of their Special Authorization is also required. To obtain the transfer application package for Special Authorization licence, please refer to the Registrar's web site or contact the Passenger Transportation Branch.

## Consideration for the Transfer of a General Authorization Licence

The applicant (transferee) must meet the prescribed requirements such as a valid safety certificate, a passed mechanical inspection report for each vehicle and proof of financial responsibility before a general authorization licence is considered. Please refer to Section 25(1) of the *Passenger Transportation Act*.

The transferor must maintain **care and control** over the operations under the passenger transportation licence until a decision is made and, if approved, a new licence is issued by the Registrar.

## Application Filing Fee:

The application filing fee is non-refundable once an application is accepted by the Passenger Transportation Branch:

- \$200.00 – Payable to the Minister of Finance (Canadian funds only)
- Payable by cheque, money order, Visa or MasterCard (credit card remittance slip attached)
- If applying to transfer a licence that includes both General & Special Authorizations (hybrid) only 1 application filing fee is required if the two transfer applications (GA and SA) are filed concurrently.

## Overview of Application and Licensing Processes:

- The process for the transfer of a General Authorization licence begins when the licence holder (transferor) and a proposed licensee (transferor) jointly submit a transfer application to the Registrar at the Passenger Transportation Branch (Branch). The Branch reviews each application to confirm that all required documents and information have been received.
- An application that is accepted\* by the Branch is reviewed and, if it appears to meet the criteria for a general authorization licence, is approved by the Registrar.
- An application that is approved by the Registrar does not take effect until a corresponding licence is issued by the Branch. The Branch will notify the applicant of the required documents and will issue a licence if specific safety requirements are met.

\*If an application submitted to the Branch is incomplete (does not contain all required documents and information), the Branch will advise the applicant in writing and allow the applicant 30 days to submit the required documents and information.

*Please note that when the 30 day submission deadline has passed, if the requested documents have not been received, the file will be closed.*
