

South Fraser Perimeter Road PROJECT

North Surrey

Lane Closure Traffic Advisory

Issued January 21, 2011

Lane closure on 116 Ave between 138 St and Bridgeview Drive

Construction will occur on 116 Avenue between 138 Street and Bridgeview Drive. Construction activities will include utility location and relocation, road widening, shoulder reconstruction and a shift of the south lane. This work will involve a lane-closure, resulting in single-lane alternating traffic with anticipated delays of less than two minutes.

Hours of work will be 7:00am to 5:00pm, Monday to Saturday starting the week of January 31, 2011 until approximately early November, 2011. Please obey all construction signs and traffic control personnel.

A key goal of the South Fraser Perimeter Road Project is to manage traffic flow during construction to ensure predictable travel times and minimize disruption for commuters, goods movers, residents and cyclists. If you have any questions please use the contact information below:
