None

5. Other Matters

2010–2011 PDV Fleet Size Review Outcomes

Starting October 2010, the Board conducted its second review of maximum fleet sizes of licensees that operate passenger directed vehicles (PDVs). These reviews are conducted under section 31(4) of the Passenger Transportation Act.

PDV fleet size reviews are limited to licensees that have been operating below the maximum allowable fleet size for at least 2 consecutive years. The reviews were specific to each licensee. When a review is conducted, the maximum fleet size may remain unchanged, or the Board may reduce the maximum fleet size to reflect actual or planned levels of operation. Since November 2010, the Board reduced the maximum fleet size of 18 licensees. They are listed below. For more information, see the [PDV Fleet Review webpage](#).
