Taxi camera equipment may only be installed and operated in vehicles when the licensee is in compliance with applicable taxi camera rules, standards and orders of the Passenger Transportation Board ("PT Board"). Publication of this taxi camera program overview at www.th.gov.bc.ca/ptb/taxicameras.htm is acknowledgement that each licensee listed above has met the requirements of the PT Board for starting and participating in the local taxi camera program. In the event that there is a change to the information in this document, including changes respecting licensee participation, licensees must provide written notice to the PT Board. This local taxi camera program is established for driver and passenger safety. To protect the privacy of drivers and passengers, the local police agency named above is the only agency that has authorization, tools and passwords that are needed to access taxi camera images.
