

VEHICLE ELIGIBILITY APPLICATION FORM FOR MANUFACTURERS

The purpose of this form is to assist the British Columbia Ministry of Transportation and Infrastructure in assessing whether additional clean energy vehicle models can become eligible for the Electric Vehicles in HOV Lanes Program. For current list of eligible vehicles visit: https://www2.gov.bc.ca/gov/content/transportation/driving-and-cycling/traveller-information/routes-and-driving-conditions/hov-lanes/electric.

Original Equipment Manufacturers (OEMs) should fill out this form to submit additional vehicle models for consideration and forward to the email below.

Date: \_\_\_\_\_ Company/Manufacturer Name: \_\_\_\_\_

Representative Name: \_\_\_\_\_ Representative Title/Position: \_\_\_\_\_

Representative Phone: \_\_\_\_\_ Representative email: \_\_\_\_\_

For vehicle models and model years not currently on the list of eligible vehicles, please complete Table 1.

Table 1 – New/additional vehicle application for electric vehicles – HOV program eligibility

Table with 5 columns: Model Year, Vehicle Make, Vehicle Model, Gross Vehicle Weight (kg), Fuel Type (BEV, FCV, PHEV or EV-ER). The table contains three empty rows for data entry.

General Eligibility requirements:

- Four checkbox items: Fuel Type must be either: Battery Electric Vehicle (BEV), Hydrogen Fuel Cell Vehicle (FCV), OR Plug-in Hybrid Electric Vehicle (PHEV)/Electric vehicle with extended range (EV-ER); Highway capable, CMVSS certified, covered/deemed covered by EPA certificate in accordance with the ORVEER Regulation; BC registered, OEM vehicle with gross vehicle weight < 6,000kg; Any types of post-production conversions are not eligible.

Email completed form to: Electric Vehicles in HOV Lanes Program B.C. Ministry of Transportation & Infrastructure Tel: 778-974-5470 Email: evhov@gov.bc.ca
